Conflict Minerals Policy, as of November 2013

Dart Controls Inc. is aware of the conflict minerals reporting obligations legislated by Section 1502 of the U.S. Dodd-Frank Wall Street Reform Act and the final rules adopted by the Securities and Exchange Commission (SEC) on August 22, 2012 implementing those provisions.

As a sub “S” corporation, Dart Controls Inc. isn’t required to file reports to the SEC on this matter; however, we are dedicated to support our SEC publicly-traded customers by working collaboratively with companies in our supply chain to encourage practices that support responsible sourcing of conflict-free minerals from the Democratic Republic of the Congo (DRC) and adjoining countries.
